

# Covid-19 Response

Miller Environmental Corporation is dedicated to our employees, our community and the general public. For our workers, both at our facilities and off-site, we are being diligent with the implementation of appropriate strategies to ensure that the risk of COVID-19 infection remains low and that we are doing everything possible to protect our workers.

Miller has developed a thoughtful and reasonable plan to offer our expertise and manpower to assist in the prevention of COVID-19.

*Miller's COVID-19 service offering uses industry best practices and the best available technology currently available to address the COVID-19 virus.*

## Covid-19 Service Offerings:

Miller's ER personnel are available to provide professional cleaning services using chemical cleaning products that, when used in the appropriate application, are effective for the disinfection against SARS-CoV-2, the virus that causes COVID-19. Our ER personnel are aware of the risks, fully trained, and Hazwoper NFPA 472 40 hour certified in the application and handling of these products.

Our personnel will don all appropriate PPE, including Tyvek suits, gloves and respirators suitable for both protection from the chemicals being applied and protection against contact pathways from the virus.

Our services include wiping down of:

- Identified high traffic areas such as hallway corridors and entrance ways
- Hard surfaces such as floors, walls, doors, doorknobs
- Bathroom surfaces and common areas
- Cafeteria surfaces such as chairs, tables and tray stations
- Work surfaces such as desks, chairs, telephones, etc.
- Other surfaces/equipment as agreed upon

All cleaning supplies, cloths, wipes, PPE used will be removed from site when work is completed and disposed of in compliance with all provincial and federal regulations.

Miller Environmental is also prepared to respond to COVID 19 impacted companies in order to provide a deeper clean with a heightened response level. In order to be registered for this potentially required service, please contact us to ensure that your service is guaranteed in the event of an outbreak at your location.
