

SOLUTIONS TO MANITOBA'S ORGANIC WASTE - APPLICATION FORM

Organics Green Bond

Manitoba's Conservation and Climate is interested in your ideas on how to reduce the amount of organic waste going to landfills. Funding is available for up to \$500,000 per year for 2 years. The project must begin in 2021.

The idea must include how you would achieve the following outcomes:

- Reduce greenhouse gas emissions;
- Reduce tonnes of organic waste sent to landfills from the industrial, commercial or institutional sector; Create green jobs;
- Have an opportunity to develop a market for the end-use product (ex. Compost, energy etc.)

The idea must be new and innovative.

1. Please describe your idea. Be sure to include how the idea would achieve the outcomes listed above. (25%)

2. Please describe how you think this idea could be expanded in future years (i.e. could the project grow; be expanded to other communities in Manitoba)? (75%)

Thank you for completing this application. The Social Innovation Team will be in contact with you shortly to further discuss your idea and explore how success could be measured.

Please return the completed form to Sarah.McLachlan@gov.mb.ca
