Networking Reception Entertainment **Trio from Indian City**

Indian City is a Juno Nominated Award Winning Pop/Rock Music Collective based in Winnipeg, Manitoba. The group was founded in 2012 by the late Vince Fontaine. Indian City's unique live fusion of lyrics, music, and personality, express the modern conscience of today's Indigenous People. The group has several awards under their belts, which include Western Canadian Music Awards, Indian Summer Music Awards, Native American Music Awards & Aboriginal Peoples' Choice Music Awards. Nominations include Canada's prestigious Juno Award, WCMA's, NAMA's and the Indigenous Music Awards just to name a few...

Indian City's latest release: Code Red, brings the tally up to 4 albums made by this Supergroup. In the spirit of Call to Action #83 from the Truth and Reconciliation report, they invited non-Indigenous artists to collaborate on featured songs on the album. The guests include Canadian rockstars Jim Cuddy, Chantal Kreviazuk and Chris Burke-Gaffney! What an honour!

Indian City's roster is always evolving, bringing together Indigenous Superstars and Guests to create not only exceptional albums, but also deliver energy infused performances with their live shows. Today's performance will be a Trio from Indian City including Jeremy Koz, Jay Bodner and Neewa Mason. You won't want to miss seeing them, it's a guaranteed stellar time!!
